Odometers management with MyChron5

Question:

How can I manage my MyChron5 odometers?

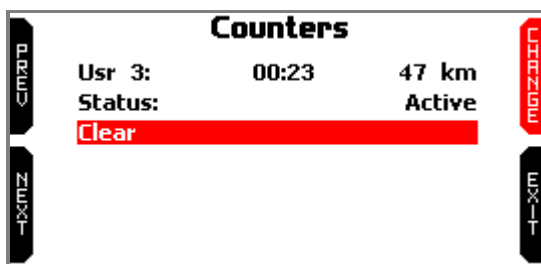

Answer:

- Press "MENU", scroll to "Counters" icon using "PREV" and "NEXT" buttons: press "ENTER"
- four "Usr" odometers shows up labelled from 1 to 4: they can all be reset; the asterisk indicates the status of each counter
- to choose the odometer to reset select it and press "CHANGE"

Counters		
Usr 1:	00:53	47 km*
Usr 2:	00:41	47 km*
Usr 3:	00:23	47 km*
Usr 4:	00:12	47 km*

- To reset the odometer select "Clear" option with "PREV" and "NEXT" button and press "CHANGE": the odometer resets as shown for "Usr 3" here below on the right.

Counters		
Usr 1:	00:53	47 km*
Usr 2:	00:00	0 km*
Usr 3:	00:00	0 km*
Usr 4:	00:12	47 km*

Please note: MyChron5 also features a System odometer which cannot be reset or disabled. This is monitored by Race Studio 3.
